MARRIAGE.

On the 22nd Jan. at Gracechurch, Country, New York, George Barton, of the Chartered Bank of India, Australia and China, to MARIAN KIMBERLEY, only daughter of Walter Tufis Sutton, of New York.

The publication of this issue commenced at 5.25 p.m.

The China Mail.

HONGKONG, TUESDAY, FEBRUARY 26, 1901.

LOCAL AND GENERAL.

Civilized America.

An American wire says that five Chinese girls were sold by auction on 19th January at San Francisco. Notwithstanding that there was a large crowd, there was no protest against the proceeding. The girls fetched prices ranging from \$1,700 to \$2,500.

The China Field Force.

The Gazette notices:—Captain W. A. Coxon, Queensland Defence Force, to be an Assistant Provost-Marshal, China Field Force, graded as a Deputy-Assistant Adjutant-General, and to have the temporary rank of Captain in the Army whilst so employed.

Bon Voyage.

On March 12, Hon. R. D. Ormsby, Director of Public Works, goes home by way of America. During Mr Ormsby's absence, the duties of the office will be undertaken by Mr W. Clathorn, Assistant D.P.W., who is expected to return from leave on the 25th. Mr Ormsby has booked his passage by the Pacific liner China, and it is the wish of all who know him that he may have an enjoyable holiday.

Hongkong Rifle Association.

The annual report and statement of accounts for the year 1900 of the Hongkong Rifle Association have been circulated. The accounts show a balance in favour of the Association of \$829.73. The report states that a new agreement was entered into between the Naval Authorities and the Association for the use of the range, which came into operation on 1st October last. The weekly competitions had been very well attended and some fine scores had been made. Cups were won by Armourer-Sergeant Blair and Q.M.-Sergeant Wallace, R.E. Hongkong, again won the Interport Match with a score of 193, making the third successive win. The Committee desire to thank their many friends for their donations to the prize fund at the Easter Meeting.

Weihsaiwei Postal Delays.

The desire of the Weihsaiwei wren and wren for home letters finds expression in the Weihsaiwei Lyre in the following verses:—

LOST.

I met a man in Seymour Street

Who passed the time of day

And inter alia remarked

'The mail comes in to-day'

This happened some three weeks ago

Since then we haven't met

I fancy his avoiding me

We haven't got it yet

It may be he spoke honestly

And feels a little shame

In having spoken airily

Of mails that never came

The Sun goes up, the Sun goes down

The daylight grows and falls

The Haimun ploughs the Chiao track

But never brings the mails

Perhaps in some remote decade

There'll come to Weihsaiwei

A steamer, crammed from bow to stern

With mails that went astray.

Sale of Crown Lands.

At the offices of the Public Works Department yesterday afternoon, Mr G. J. W. King offered for sale by auction several lots of Crown land. Hinghung Island Lot, Nos. 230 and 231, were bought by Mr D. H. Sifas, the former for \$5,100 (upset \$4,275) and the latter for \$20 above the upset, which was \$4,275. The contents in square feet were 7,125 each. Hinghung Island Lot, Nos. 232, 233, and 234, were bought by Mr A. Shelton Hooper, for the Land Investment Company, in each case for \$2,725 above the upset, the upset being \$4,275, \$4,275, and \$12,440. The contents in square feet were 7,125, 7,125, and 20,734. Kowloon Island Lot, No. 1134, situate at Pak Tsun Heung, fetched 47½ cents per foot, the price being \$1,900 (upset \$800). Contents in square feet, 4,000. Li A Ping and Li Chung Shiu were the purchasers.

Hampton's Circus.

There was a good house at the Circus last night, when a change of programme was presented to the patrons of this popular place of amusement. The first appearance of the Eldrons Brothers was a great success, the performance upon the aerial bars, concluding with a sensational leap drop into the net 50 feet below, being repeatedly applauded. The Janssens introduced a new act, and Ajax's 'crocodile act' proved the versatility of this clever contortionist. The popular Sisters Frezzagonda, who take their benefit to-morrow night, appeared in a sailor's hennips, and danced very neatly. On Thursday night, there will be a competition for amateur riders. The entry list is filling rapidly, many military and naval officers being amongst the entrants, and an exciting contest is anticipated.

LOCAL AND GENERAL.

Overlooked.

It is subject of remark that in the list of promotions and decorations issued regarding the Asiatic campaign, the name of Colonel Stuart, the distinguished soldier who had command at the base, and who, though ill, stuck to his post to the last, does not appear. Colonel Stuart fought in China and in Egypt with 'Chinese' Gordon, and in other parts of the world since has done brilliant work for the Empire.

A 'V. O.' for a Broker.

The first V.O. ever gained by a member of the London Stock Exchange has been awarded to Lieutenant A. C. Dora, 3rd Battalion Imperial Yeomanry. Lieutenant Dora was a firm of stockbrokers until he volunteered for South Africa, and his position is still kept open for him. His return is not expected until after the last shot of the war has been fired. The Stock Exchange is greatly gratified at no signal an honour being gained by one of its members.

Decorations for Japanese.

The Reichsanzeiger announces the following decorations conferred upon officers of the Japanese cruiser Yakuho. Captain Togo, Order of the Red Eagle of the Second Class. First Lieutenant Kawakami, Order of the Red Eagle of the Fourth Class. Frigate Captain Kato, Order of the Crown of the Second Class. Chief Engineer Ito, Order of the Crown of the Second Class. The Yakuho, it will be remembered, is an armoured cruiser built at Settin.

The Chinese Regiment.

The Weihsaiwei correspondent of the N.C. Daily News writes:—Near the junction of the road leading to the new barracks with the main road at Matsui a monument is shortly to be erected to the memory of the officers and men who fell in the campaign last year. The inscriptions will be in English and Chinese; to the latter the names of the men will be appended. Those killed belonging to the Chinese Regiment were Capt. Hill and Capt. Ollivant, one sergeant (the same that had been mentioned in General Dora's dispatches for conspicuous gallantry at Tientsin), an interpreter and sixteen men. The wounded were Major Bruce (who is now in command during Col. Bower's temporary employment at Tientsin), Major Pereira and Col. Seng. Pardon and nineteen men. Besides the above, one man died of disease and two men were drowned at the front.

Terrible Accident at Kobe.

What might have proved a fatal accident occurred on the 7th inst. on the *Ferdinand Fischer*, which is lying at Mikage, east of Kobe, off the Standard Oil Co.'s godowns. A young sailor on his first voyage, aged 21 years, fell from the main deck into the hold. He fell with his hands outstretched and this probably saved his life, but when brought out from the hold he was a terrible sight, his face and head being covered with blood. One wrist was broken, his jaw was fractured, and most of his teeth were knocked out. The unfortunate young man was brought to Kobe and sent to the Sano Hospital, where it was discovered after examination that there were no vital injuries. The *Kobe Chronicle* does not understand how it comes that the injured man was taken to the Sano Hospital, when there is the International Hospital available for such cases. As the man cannot, of course, speak Japanese, and he may be a long time in the Hospital, the foreign institution would certainly appear to have been best adapted for his case.

An Amateur Enraged 'Ad'.

One evening when Paderewski was at my house, we showed him a small monthly magazine published by my son, then fourteen, and myself, for the amusement of friends and neighbours. It was called *The Belice Teller* and had attained the proud circulation of sixty hectographed copies. In that number we had a skit on the adventures of Enraged, with which Daniel May, the new head of the firm, was then flooding the papers as follows:—

Enraged: Makers to the Queen.

Paderewski says: 'Just you hear me play on an "Enraged".'

Enraged: 'Have an "Enraged" for breakfast, and no other piano for tea.'

Wagner says: 'Get "Enraged" on the system of not paying for it.'

Enraged: 'I wish I could still play on an "Enraged".'

Daniel May says: 'Don't hear me play on an "Enraged," only buy me.'

The Prince of Wales says: 'Whenever I play the piano in public it is always on an "Enraged".'

Paderewski was highly amused, took it away with him, and told us a few days after that Enraged had greatly enjoyed it. Now mark the sequel. My son wrote to Enraged that the charge for a year's advertising, half a column, and varying the wording every month, was £5. By return he got a reply, accepting the offer, and enclosing cheque in advance; and, really, for eighteen months we varied those "ads."

Then the paper died a natural death when my son left school. Paderewski remained one of our subscribers to the end. Sweet are the uses of advertisement.—M.A.P.

The Charge Against U. Nervagna.

At the Magistrate's Court, Mr Hazell gave judgment in the case against U. Nervagna, merchant, who was charged with a breach of the Arms Ordinance. His Honor dismissed the summons. Mr Gedge, solicitor, who represented defendant, applied for the return of the arms seized to the Hongkong and Shanghai Banking Corporation, but Mr. Justice Gedge refused to grant the return, and his Honor directed that the arms should be sold at once in the market.

DANGER OF COLDS AND LA GRIPPE.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the thousands who have used this remedy for these diseases have not yet learned of a single case having resulted in pneumonia, which shows conclusively that it is a safe and preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by all Dealers, Watson & Co., General Agents.

LOCAL AND GENERAL.

Notes by the Way.

H.M.S. Mohawk arrived at Colombo on the 9th inst. on her way to England.

The proposal is made to grant from postage of newspapers in Ceylon, following the example set by Tasmania.

There were 295 European and 77 Chinese visitors to the City Hall Library and 27 European and 9,577 Chinese visitors to the Museum during the week ending 24th February.

Communicable Diseases.

Apart from the five plague cases last week, the cases of communicable diseases reported in the Colony were:—Eleven of cholera in the Harbour (three fatal), all imported from Singapore; one of diphtheria (Portuguese); and one of small-pox (Chinese) which proved fatal.

Organ Recital.

As will be seen from our advertising columns, an organ recital will be given in the Union Church on Monday, the 4th March. Two of the items on the programme will be given by the full orchestra of the German flag and the organ. Particulars will be published later.

Proposed School for European Children.

The Right Hon. the Governor, after consultation with several of the leading citizens of the Colony, is preparing for signature a memorial to be presented to the Government in connection with the proposed school for European children.

An American Mosquito Fleet.

A 'mosquito fleet,' as the sailors call it, of four little vessels, the smallest in the United States Navy, have left Hampton Roads for Manila. It is composed of the *Annapolis*, a gunboat of 1,000 tons, commanded by Commander Karl Rohrer; the *Frolic*, a 600-ton schooner-rigged yacht, commanded by Lieutenant-Commander Helm; the *Pescadore*, another yacht of 518 tons, commanded by Lieutenant-Commander Bartlett; and the *Wompatuck*, 323 tons, commanded by Lieutenant-Commander Sherman. These are the smallest vessels the United States Government have sent to sea since the little *Jeune* went over to China shortly after the civil war. She was only 230 tons, and was needed to run up the rivers of China for the protection of the missionaries. She outlived her usefulness, however, and was sold several years ago. This little mosquito fleet is intended as a coast guard for the Philippines, to prevent the natives from smuggling arms, ammunition and other contraband articles. They go from Hampton Roads to Bermuda, where they will fill their coal bunkers and cross from there to the Azores, where they will coal again, and then go through the Mediterranean, the Suez Canal and the Indian Ocean, seeking smooth water wherever they can find it.

Prevention of Malaria in Italy.

It is stated that in the Budget of the Italian Minister of the Interior there will be included a sum of money for the prosecution of the campaign against malaria, which has already been begun in various parts of Italy under the influence of the experiments of Professors Celli and Grassi. This money will be devoted by the Government to the carrying out of new experiments and the establishment of prices. The Italian Parliament has before it a Bill for the Prevention of Malaria, by which it would be made compulsory on all employers of labour in malarial districts to make provision for the lodging of labourers with proper precautions against infection in accordance with the present state of knowledge. They would further be compelled to supply remedies gratuitously to labourers who contract the disease until they have recovered their health. They would also have to build suitable dwellings for their labourers and proper lodging places for casual hands, all properly protected against malaria. Loans of 35 per cent. would be advanced out of the public funds to small proprietors in order to enable them to comply with the obligations placed upon them by the Bill. There is a clause exempting from taxation for industrial purposes new buildings erected for industrial purposes in malarial regions. Another clause provides that indemnities at fixed rates are to be paid to sick labourers and to their families by employers who fail to comply with the requirements of the Bill.

It would be a good idea for some people who are always complaining of an aching void to try a Headache Powder.

A black and white photograph showing a close-up of a textured surface, likely a wall or ceiling. A prominent horizontal line runs across the middle of the frame. Above this line, the surface is covered in a dense, granular pattern of small, light-colored particles or fibers. Below the line, the texture is darker and more uniform. There are a few small, dark, irregular spots scattered across the upper portion of the image.
